The road leading from Kokkada to Dharmasthala passes through the plantation and this provides for easy inspection of the area. The two villages of Kokkada and Petrame have their own village boundaries. Apart from the above road, there are one or two cart tracks running through the plantation to reach the villages. The kumki rights and enclosures have all been excluded and only grassy barren area taken for cashew. The entire area is almost flat and has a good sub-soil which is well suited for cashew. Hence the selection.

Rights of way:—

The road from Kokkada to Dharmasthala will be opened for all public use and also all the recognised cart tracks and foot paths, care being taken not to damage the existing plants.

Other rights:—

1. Free grazing of cattle by villagers throughout the season without damaging plants.
2. Free removal of thatch grass for all domestic use.
3. Free removal of green manure leaves for domestic purposes to the young plants and standing trees.
4. Free removal of dry fuel only for domestic purpose.

over the land comprised within the limits given in the said schedule or to any forest produce of such lands and to deal with the same as provided in Chapter III of the said Act.

3. The Government of Mysore appoints the District Forest Officer, Mangalore South, for the time being to be the Forest Officer, who shall attend on behalf of Government at the enquiry to be made by the said Forest Settlement Officer.
